

Instructions

Cartridge Dispensing Instructions

1 Unscrew cap and remove plug

2 Dispense a small amount until both sides flow evenly

3 Screw on Mix Nozzle.
Dispense and discard first 2 inches of material.

Installation Instructions

1 Apply EZ Form™ to desired tread location. Remove connecting tabs to form a continuous tread.

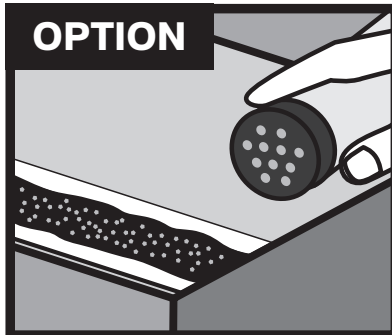

OPTION Apply painter's tape [to form a clean edge and for easier clean up]

2 Follow cartridge dispensing instructions and apply Form-A-Tread

3 Spread Form-A-Tread to the level of the EZ Form

OPTION Sprinkle on Tread Grit® (HD, LD or WS) for customized texture [see Data Sheets]

4 Remove EZ Form within 30 min
